## 2025 EDITION

# LET'S CHANGE THE SCRIPTS TO AVOID REPEATING THE SAME STORY

The programme devised by DiSSGeA to work on gender-based violence and discrimination within our community in a collective and participatory manner, with the aim of building positive relationships and increasingly inclusive spaces.

The 2025 edition consists of eight events: two Forum Theatre performances, titled *Il limite ignoto* (24th January and 16th May), and six workshops that provide a fun and practical approach to exploring gender-based violence, discrimination, power dynamics, isolation, strength and fragility.
